

Pro Series: Hand Grip with UltraPlate 208™

A simplified rig for DSLRs and other accessories that comes with an Arca-Swiss® compatible, extended quick-release plate and removable hand grip.

Product Features & Benefits

Hand Grip designed for DSLRs
Comfortable, aluminum-anodized for a lightweight and durable hold.

Arca-Swiss® compatible
Just like the X-Plate, it works with the JOBY Ballhead X and any other Arca-Swiss® compatible tripods.

9x ¼"-20 Mounting Holes
There are 8x ¼"-20 mounting holes on the UltraPlate 208 and 1 on the Hand Grip. Mount a Flash, Mic, Action Camera/GoPro®, Secondary Arm (GorillaPod Arm or Locking Arm), or Smartphone with the JOBY GripTight Mount.

Specifications

Designed for
DSLR, action video camera, flash, mic, etc.

Action Series: Action Adapter Kit™

Modular adapters that expand your action video mounting options

Create new solutions by pairing adapters with JOBY action products—GorillaPod Arm, Locking Arm, Action Clamp, Suction Cup, etc.

Product Features & Benefits

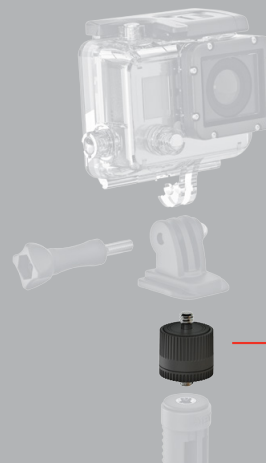

Tripod Mount for GoPro®
Attaches any GoPro® action video camera to a ¼"-20 mount on a tripod. Also has built-in quick release for the GorillaPod Action, Hybrid, and SLR-Zoom tripods.

¼"-20 Female to Female Adapter
Allows you to connect two male accessories—such as two locking arms.

Quick Release ¼"-20 Buckle Adapter
A ¼"-20 quick release buckle that works with the GoPro® clip sticky pads. The added ¼"-20 socket allows you to connect any male accessory (such as a Locking Arm).

¼"-20 Male to Male Adapter
Allows you to connect two female accessories—such as an Action Clamp and the Tripod Mount for GoPro®.

Specifications

Designed for

Any action video camera including GoPro®, Contour®, and Sony®

Available Color

Male to Male Adapter: 80 x 80 x 37 mm / 3.15 x 3.15 x 1.47 in

Connection: Universal ¼"-20 screw

Manufacture Warranty One Year Warranty

Action Series: Hub Adapter™

A central connection point for multiple ¼"-20 male accessories.

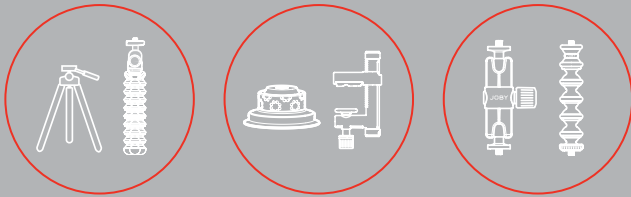

Product Features & Benefits

Ribbed knob for easy tightening: when mounting to a female ¼"-20 accessory, such as the Action Clamp, you can twist the top knob to tighten in place.

4-6 ¼"-20 mounting sockets: top screw can be removed to provide 6 sockets. Mount any male ¼"-20 accessory such as a tripod, GorillaPod Arm, or Locking Arm.

Durable, anodized aluminum: CNC-machined, this hub adapter provides a strong, lightweight solution for mounting different accessories (flashes, microphones, etc.).

Specifications

Designed for

Any action video camera including GoPro®, Contour®, and Sony®. In addition, works with DSLR accessories or rigs such as flashes, microphones, etc.

Available Color

One Year Warranty

Action Series: Mini Pivot Arm with Thumbscrew™

The compact arm that also converts GoPro® accessories to a ¼"-20 mount.

Product Features & Benefits

Optional Top ¼"-20 Mount for other Action Cameras: use top part when using Contour®, Sony®, Garmin®, or any other action camera. Provides additional pivoting to achieve the desired camera angle.

Long GoPro® Thumbscrew: combines top and base part. Also used to mount a GoPro® camera on the base Tripod Mount.

Base ¼"-20 Tripod Mount for GoPro®: independent, twisting bottom design makes it easy to screw into any female ¼"-20 accessory.

Action Series: Suction Cup & GorillaPod Arm™

The quick-twist, flexible suction cup solution for action video

Best for clean, non-porous surfaces with little vibration such as windows, walls, inside cars, etc.

Product Features & Benefits

Modular design for easy mix & match
The removable Arm and Mount for GoPro® allows you to quickly swap out your gear for the ideal set-up with our other product solutions via the universal 1/4"-20 screw design.

Movable arm for quick camera angle adjustments
The reliable GorillaPod ball & socket arm allows you to quickly change the action camera position.

Ultimate hold on smooth surfaces
Industrial-strength suction cup locks into place to provide a secure hold against smooth, non-porous and clean surfaces.

Quick-twist lock for easy and fast set-up
Simplified, compact design makes it easy to grip and secure—you actually can feel it lock into place!

Specifications

Designed for

Any action video camera including GoPro®, Contour®, and Sony®

Action Series: Suction Cup & Locking Arm™

The quick-twist, vibration-resistant suction cup solution for action video

Best for clean, non-porous surfaces prone to vibration such as cars, boats, motorcycles, etc.

Product Features & Benefits

Modular design for easy mix & match
The removable Arm and Mount for GoPro® allows you to quickly swap out your gear for the ideal set-up with our other product solutions via the universal 1/4"-20 screw design.

Vibration-Resistant
The ultra-stabilized, sturdy Locking Arm allows your camera to stay in position for long-duration shots.

Position at any angle
Two articulating ball joints rotate 360° and pivot 180° side to side on the Locking Arm.

Ultimate hold on smooth surfaces
Industrial-strength suction cup locks into place to provide a secure hold against smooth, non-porous and clean surfaces.

Quick-twist lock for easy and fast set-up
Simplified, compact design makes it easy to grip and secure—you actually can feel it lock into place!
